Getting to know your Echo Dot

- Microphone: on/off
- Volume down
- Volume up
- Action
- LED display

Also included: Power adapter

1. Download the Amazon Alexa app
   Download and install the latest version of the Alexa app from the app store.

2. Plug in your Echo Dot
   Plug your Echo Dot into an outlet using the included power adapter. A blue light ring will spin around the top. About 30 seconds after Alexa is done booting up, you can log in to your Amazon account on the Alexa app.

3. Set up your Echo Dot in the Alexa app
   Open the Alexa app and follow the on-screen instructions to set up your device. If you aren’t prompted to set up your device after opening the Alexa app, just tap the Devices icon in the lower right of the screen to get started.

Optional: Connect to a speaker
You can connect your Echo Dot to a speaker using Bluetooth or 3.5 mm audio cable. If you’re using Bluetooth, get to the Device settings in the Alexa app to complete pairing and place your speaker at least 30” away from your Echo Dot for optimal performance.

Things to try with your Echo Dot

- Enjoy your favorite music and audiobooks with Alexa
  Ask Alexa to play a top-tier playlist.
  Tell Alexa to turn on/off your music.

- Get answers to your questions
  Ask Alexa what you want to know.

  Ask Alexa to call your family members.

- Stay organized and manage your home
  Ask Alexa to set a timer for 5 minutes.
  Ask Alexa to set a reminder.
  Get more examples of things to try from the Alexa app menu, or visit www.amazon.com/alexa-support.

Getting started with your Echo Dot

- Where to put your Echo Dot
  Echo Dot works best when placed on a flat surface, at least 8” from any walls. You can put Echo Dot in a variety of places—on a kitchen counter, the bedside table in your living room, or a nightstand.

- Designed to protect your privacy
  Amazon designs Alexa and Echo devices with multiple layers of privacy protection. From microphone controls to the ability to view and delete your voice recordings, you have transparency and control over your Alexa experience. To learn more about how Amazon protects your privacy, visit www.amazon.com/alexa-support.

- Give us your feedback
  Alexa is always getting smarter and adding new skills. To send feedback about your experience with Alexa, use the Alexa app or visit www.amazon.com/alexa-support.
